SUPERVISOR DIMITRIJEVIC TO SPEAK AT 5th ANNUAL MATC GREEN VEHICLES WORKSHOP

Milwaukee, WI – Milwaukee County Supervisor Marina Dimitrijevic will speak at the “Driving Towards 2020 Green Vehicles Workshop” at the Milwaukee Area Technical College Friday, April 4th. The workshop will showcase energy-efficient and diminished-emission vehicles for the present and near future. Supervisor Dimitrijevic will discuss her “Green Print” legislation, signed into law last year, which aims to raise environmental and conservation standards to preserve resources for future generations.

“I’m excited to participate in this workshop to detail Milwaukee County’s goals in enacting the Green Print. We have already achieved a number of milestones since the Green Print was signed. The County Board has approved agreements for multi-million dollar performance contracting and energy-efficient upgrades throughout Milwaukee County’s infrastructure,” Supervisor Dimitrijevic said. “Later this year, we will hire a Director of Environmental Sustainability to implement the Green Print. Part of the plan also includes directing the County’s Public Works Director to purchase hybrids and other vehicles powered by alternative fuels.”
